SPECIAL FOR COMMAND BLEACHING MACHINES
WHITENING 6 % - BEYOND

Designed to be worn for just one hour per day for fourteen days, the Beyond 6 % treatments protocol ensures excellent results in even the most difficult cases. Following completion of the initial treatment protocol, Beyond recommends a single one hour treatment per month for maintenance of the whitening results.

Specially formulated 6% Hydrogen Peroxide gel designed for excellent accelerated results.

ECCO - 114563 ECCO 16% Touch-Up Pen 3.5gr

ECCO - Bleaching 16% Peroxide Touch-Up Pen - Tooth Whitening Pen - 1 patient 3.5gr [AM214] ECCO - Bleaching 16% Peroxide Touch-Up Pen Hydrogen Peroxide # 114536 - Mfg # AM214

Features:
Metallic Touch-Up Pen - 16% Hydrogen Peroxide Keep your customers happy with their whitened teeth by encouraging them to order the metallic touch-up whitening pen to use daily until the pen runs out. Many dentists recommend that their patients use a touch-up pen after an in-office whitening treatment to maintain their newly brightened smile. This metallic touch-up pen uses dental grade whitening gel and is made in the USA, so you can assure your customers that they will be safely touching-up their teeth.
