Z4-112374-1 Z4 Led Handpiece E-Gen. 4H US$ 288.75

**ECCO-Z4 PLUS Led Handpiece E-Generator 6 Sprays 4 Holes**

**Led High Speed Handpieces**

* # 112374-1: Mfg # CX207-F-TP+

**Features:**
- Z4 E-Generator LED Dental handpiece brings light to dental offices that have been using regular handpieces. It has an internal air driven power motor which supplies LED lighting on the tip of the handpiece. Almost eliminates the need of external light for a proper view.
- 4 Holes
- The truly innovative design of this handpiece incorporates Z4 powered by its own miniature built-in generator. This cutting edge technology allows the operator to have a clear illuminated operative field without the electrical requirement of current power optic systems. The Z4 is brighter with a larger light pattern than the traditional power optic systems.
- Innovative Simplicity The drive air rotates the miniature generator. The electricity generated illuminates the Z4 that is optimally positioned on the face of the handpiece, providing daylight bright illumination. It is so efficient there is no loss of air pressure or torque, and the three coolant water ports provide the desired coolant spray pattern.

**Technical Specifications:**
- Operating air pressure: 0.25-0.3 MPa (0.3 MPa preferred)
- Air consumption: 55 L/min
- Speed of generator: 25,000-30,000 R.P.M
- 420,000 r.p.m for standard head
- Ceramic Bearings: Quieter and longer life
- Push button
- Noise level: Less than 68 Db
- Chuck power: 20-45 N
- Net weight: 86 g

**Advantage:**
- Less weight on operators hand/wrist
- E-Generator power instead of external light source.
- Natural light
- Ergo Grip: Secure Grip for your confidence
- Triple water spray

**USES REGULAR PO14C Turbine Canisters**

Hand Lubricate, Do not use automatic lubricating machines that overflow generator with oil.
